

Wanted: Tomorrow's Storytellers

AccessLocal.TV is looking for Sacramento residents between the ages of 16-21 who want to join our "Neighborhood News Correspondents" team.

THIS IS A PAID POSITION.

Ideal applicants will have some experience in creative writing, blogging, video production, and video editing. Must be able to attend weekly production meetings for employment.

Curiosity. Determination.

There is so much more going on in the city of Sacramento than what we see on the nightly news. Beyond the crime and the drama, there are the stories of real people making a real difference right now in our neighborhoods and throughout our communities. For a number of various reasons, those stories more often than not are overlooked, leaving the casual observer with a distorted view of our world.

That's where we come in.

AccessLocal.TV is a website where the people and groups in Sacramento who are working hard to improve our community come together to share our stories. It's the place where your voice counts. It's a place where young people can express their views and be heard. And we're looking for new team members for our Neighborhood News Correspondents program *right now.*

Are you what we're looking for?

We need young people who can express their thoughts both with the written word and through other forms of digital media to tell the tale of modern day Sacramento. If this is something you think you can do, and want to be a part this exciting project, contact us today.
